Summary

Frontend Developer with 3+ years of experience building high-performance web applications using React, Next.js, and Expo. Proficient in shipping production-ready features focused on enhancing user experience and retention. Expanding backend expertise with Node.js to deliver full-stack solutions.

Professional Experience

Cosonas   Sep 2024 – Jan 2025
Frontend Engineer   *London, England (Remote, UK)*

— Led frontend development for two edtech web applications, focusing on streamlining student onboarding and creating intuitive admin dashboards using React.js.
— Built and deployed cross-platform mobile features using React Native with Expo, including secure authentication flows and responsive UI components, thereby improving feature parity across web and mobile platforms and increasing user engagement by 20%.
— Developed and implemented 10+ reusable components in React/TypeScript, enhancing development speed by 30% and ensuring code maintainability.

Loger Limited   Feb 2024 – Sep 2024
Frontend Developer (Contract)   *Lagos, Nigeria (Remote, NG)*

— Developed a comprehensive rental dashboard for tenants and agents, enabling efficient property listing management, booking processes, and secure payment handling using Next.js framework.
— Collaborated closely with the backend team to optimize API error handling and improve data flow, ensuring seamless communication between frontend and backend systems.
— Reduced bounce rate by 25% through performance optimizations including lazy loading and server-side rendering (SSR) to enhance page load speeds and overall user experience.

Purscliq Technology Limited   Jan 2023 – Feb 2024
Frontend Developer   *Lagos, Nigeria (Onsite, NG)*

— Developed a fintech web dashboard for secure gift card transactions and user wallet management using React.js.
— Transformed 20+ Figma screens into responsive React layouts utilizing Next.js, ensuring pixel-perfect implementation and seamless user experience across devices.
— Significantly contributed to the internal component library, resulting in a 35% reduction in the design-to-development cycle time by providing standardized UI elements and reducing code redundancy.

Nupat Technologies   Jan 2022 – Nov 2022
Front-end Developer Intern   *Lagos, Nigeria*

— Delivered 5+ real-world frontend projects focused on improving speed, accessibility, and user experience using core JavaScript principles.
— Collaborated with the UX team to enhance user flows and boost user satisfaction scores by 30% through A/B testing and iterative design improvements.

Education

Lagos State University   Jan 2017 – Jan 2022
Bsc Chemistry   *Lagos, Nigeria*

Skills

Technical Skills

React.js (Advanced) — Next.js (Advanced) — React Native (Expo) — Node.js — Express.js — REST APIs — MongoDB — Redux Toolkit — Zustand — React Testing Library — Jest — Git — GitHub — Webpack — npm — yarn — CI/CD pipelines — Responsive Design — Figma-to-Code — Performance Optimization — SEO

Soft Skills

Agile Development — Problem-solving — Team Collaboration — Communication

Certifications

AWS Certified Cloud Practitioner (CLF-C02)

Learn ReactJS

The Complete JavaScript Course

Frontend Development Bootcamp
